

Eric Bleiverneicht

Vice President

Eric was born and raised in suburban Detroit (MI) and is the eldest of two brothers. He earned a B.Sc. in Applied Engineering Sciences from Michigan State University, during which he came to saving faith in Christ. He became involved in creation ministry, joining the Creation Research Society and Lutheran Science Institute as life members and becoming a charter member of the Creation Museum of Answers in Genesis. He also completed Bible Institute training at Community Bible Church (Paris, IL).

In his first career as a quality engineer, he spent 20 years with TRW Automotive (now ZF) in Marshall, IL. He earned certifications as a Quality Auditor and Quality Engineer from the American Society for Quality and was certified as a VDA 6.3 Process Auditor. At TRW he was responsible for safety-critical automotive electronics such as crash sensors, anti-lock brake controls and lane-keeping cameras. In 2017 he established the Blievernicht Family Foundation, a 501(c)3 charitable foundation.

From 2019-2023 he served Vision Beyond Borders as its Operations Manager, overseeing programs to smuggle and distribute Bibles, send relief supplies, support orphanages and women's safe houses, support networks of pastors in closed countries, and send missions teams to restricted nations worldwide.

Eric has since served on the board of SOS Hope Ministries and with the leadership team of Hope Ministries International. He has helped organize and lead missions teams to Cuba, Honduras, El Salvador and Guatemala. He continues to work with, sponsor, encourage, support and pray for an array of ministries, evangelists and mission workers in the Americas, Europe, Africa and Asia.

We are very pleased and blessed to have him on the board of Hope Alive Ministries of Pakistan!
